

Office of the Director
of Central Intelligence

DATE: 12 February 1974

TO: The Honorable
James R. Schlesinger
The Secretary of Defense

SUBJECT:

Attached is a list of the various projects my colleagues are working on, have recently completed, or have fixed on their schedules. I thought you might find it of some general interest. You will be a recipient of many of these papers but will not necessarily be an automatic addressee on all of them. If you could have one of your associates mark any that you would be particularly interested in reading, I will ensure that you get personal copies.

George A. Carver, Jr.
D/DCI/NIO
